

THE JOURNAL OF MEDICAL AND BIOLOGICAL ENGINEERING AND CMBEC34 INVITE YOU TO SUBMIT YOUR RESEARCH CONTRIBUTION

Innovation in Clinical Devices

The use of technology in the practice of medicine has been a standard of care for centuries. As more innovations in medical technology are being made, the standard of healthcare is also raised to match what technology can offer to improve patient's care. [The 34th Canadian Medical and Biological Engineering Society Conference](#), as a part of the Festival of International Conferences on Caregiving, Disability, Aging and Technology, is committed to providing a forum for international researchers to present their latest work and exchange ideas on the advancement of the theory and practice of medical device technology. To celebrate the success of this conference, the [Journal of Medical and Biological Engineering](#) is pleased to announce a special issue on the "Innovations in Clinical Devices". Prospective authors are invited to submit their research contributions related to the theme of this special issue. Authors who have presented at the conference will be given priority to publish in this issue and should include a footnote on page one that states, "An earlier version of this manuscript has been presented at the 34th Canadian Medical and Biological Engineering Society Conference." All manuscripts will be subject to a rigorous peer-reviewed process. An electronic file should be sent to the guest editors or submitted online at the journal website.

Prospective authors are invited to submit research contributions representing original and previously unpublished work. Authors should follow the JMBE manuscript format as described in the Information for Authors. An electronic file should be sent to the guest editor or [submitted online](#)

Submitted papers will be carefully reviewed. Deadline for paper submission is on **August 31st, 2011**. Authors will be notified of final decisions by **November 15th, 2011**.

Guest Editors:

Professor Ezra Kwok, PhD, PEng, MD, CCFP, CCAMA
Chemical & Biological Engineering, University of British Columbia
Email: ezra@chbe.ubc.ca

Professor Adrian Chan, PhD, PEng
Systems & Computer Engineering, Carleton University
Email: adcchan@sce.carleton.ca

Important Dates:

Submission due: August 31, 2011

Acceptance Notice: November 15, 2011

Final Manuscript: January 15, 2012

Publication Date: April 2012

[Register now](#) and follow the Submission Guidelines in the "Special Issue on Innovations in Clinical Devices" section.
