December 2017

## Message From the President

*From the desk of the CMBES President, Martin Poulin*

Dear Colleagues,

The planning of the CMBES/ACCES partner conference in PEI in May, 2018 is progressing well. The Call for Papers is now posted with papers due Feb 9, 2018, so be sure to complete your research work and prepare your report in time for this date. Three streams are planned including academic, biomedical technology and leadership themes.

Our new website is very close to being launched. We are putting effort on adding and cleaning up content prior to this happening.

Our Academic Chair, Tiago Falk, initiated the upload of many past conference papers to our PKP site so that they are searchable on the web. Once a quality review has been completed, we will finally have online access to a wealth of past research. This effort will close off one of our primary goals of CMBES to provide online access to our academic papers.

I would like to wish all of you a healthy and happy Christmas season.

## Message du président

*Du bureau du président de SCGB, Martin Poulin*

Chers collègues,

La planification de la conférence conjointe CMBES / ACCES à l'Île-du-Prince-Édouard en mai 2018 progresse bien. Le concours d'articles est maintenant ouvert avec une échéance pour le dépôt le 9 février 2018, alors assurez-vous de compléter votre travail de recherche et de préparer votre rapport à temps pour cette date. Trois volets sont prévus, le volet académique, la technologie biomédicale et le leadership.

Notre nouveau site Web est sur le point d'être lancé. Nous sommes à finaliser l'ajout et la présentation du contenu avant la mise en production.

Notre président du comité académique, Tiago Falk, a débuté le téléversement de nombreux documents et articles de nos conférences passés sur notre site PKP afin qu'ils puissent être consultés sur le Web. Une fois la revue de qualité terminée, nous aurons enfin un accès en ligne à une multitude de recherches passées. Cet effort mettra un terme à l'un de nos principaux objectifs du CMBES, soit d'offrir un accès en ligne à nos articles académiques.

Je vous souhaite à toutes et à tous une bonne et heureuse saison de Noël.

À votre santé,

Cheers,

Martin

Martin
